After releasing the 4th "Inside Out"-cd/lp album, a singer-songwriter - guitarist Jo' Buddy & his drummer Down Home King III have continued their musical journey deeper & stronger than ever.

Today they serve an exceptionally delicious all original rootsy rock & roll gumbo that has been cooked & road tested with all the refreshing natural spices like; rock'n'roll, down home blues, swamp boogie, new orleans r&b, country, rockabilly, gospel, soul, garage & surf rock, zydeco,... with even echoes of psychedelia and delivered in a world class way!

Jo' Buddy sings soulfully, plays rhythm and simultaneously solo and bass-lines with his low tuned raw electric guitar, while his "back up band"

Down Home King III conjures irresistably free & easy rockin' hip-shakin' grooves.

Together those TWO GUYS NO MO' - line up can undoubtedly produce their own full band sound. Their tone, feeling & approach moves you into groove & leaves the house in a trance.
